Hi Damien,

Thanks for checking with me. I don't believe I have any documents for this facility pertaining to what they've requested. I've not yet worked on its renewal and I didn't write the previous permit. They've called me a couple of times to ask for status updates so I will have to check when those occurred (Item 6 of the request).

Regards,
Shauna

Shauna –

You may have documents responsive to this request. Take a look at request concerning PAH detection limits.

Damien,
Could you or someone on your staff be the OEP contact on this FOIA? You might check with Samir or OES (Jeff ?) if someone creates keywords and/or other E-mail search procedures. Otherwise, Chis has Q-group boxes set up. If that is the method (search your files and E-mails and put them the Q-group boxes) then I estimate my time as 3 hours. I will see if Glenda can help transfer the CD I received into the Q-groups box.
Thanks.
DW

Comprehensive request. Once we digest consider contacting CLF to see if the scope can be narrowed.

Importance: High

Attached is a new FOIA request from CLF regarding the ExxonMobil Terminal in Everett, MA. The previous CLF FOIA regarding this site was # 001311 and was completed on 5/23/16. 224 records were released.

OES records are still available for viewing here:

(Q:) q\$ (\s0101aboec005) ▶ Groups ▶ FOIA ▶ OES ▶ 2016 FOIAs ▶ 001311 - Zac Griefen ▶

The 1 redacted document from OSRR is here:

(Q:) q\$ (\s0101aboec005) ▶ Groups ▶ FOIA ▶ OSRR ▶ 2016 FOIAs ▶ 001311 - Zac Griefen

OEP's responsive information was provided to CLF for an in-house file review to which they brought their own scanner and although I do not know what they scanned, I know they spent 11 hours over 2-3 days.

OES staff involved w/ #001311: Joe Canzano, George Harding, Jeff Kopf, Neil Handler, Denny Dart

OEP staff involved w/ #001311: Olga Vergara, Ellen Weitzler, Dave Webster

One of the things CLF asks for in this new request is DMRs from January 2010 to the present. I'm pretty sure we gave them DMRs up to this past April. The files should all be in the OES q:/groups folder.

I'm assigning this to OES & OEP. I'm cc'ing OSRR & ORC. I have created new folders for the latest request on the q: for OES & OEP to upload any records responsive to this newest FOIA. I will help coordinate the response since it covers more than one division.

OES

Also, the requester has only provided \$25 in payment assurance and has requested a fee waiver. Their fee waiver on #001311 was denied by HQ. Please let me know asap if you expect any billable charges so that I can inform HQ before they make a decision on the fee waiver request.

Please let me know if you have any questions.
